# Software Engineering Manager – Internal Solutions

**About DeHaat**:
DeHaat's one-stop solution incorporates an online marketplace alongside a rural network of service delivery centers, which together radically increase the profitability of farmers on the platform. At the same time, DeHaat brings transparency and efficiency across the entire agricultural value chain for B2B partners, including agri input companies, financial institutions, and commodity bulk buyers.

Based in Gurgaon and Patna, DeHaat was founded in 2012 by alumni of IIT Delhi, IIT Kharagpur, IIM Ahmedabad, and other premier institutions. Currently the DeHaat platform supports over 55,000 farmers across Bihar, Uttar Pradesh, and Odisha, bringing them 500+ agri input SKUs, exhaustive advisory content for major crops, and 100+ commodity bulk buyers after they harvest.
